Castlewood School Safeguarding Policy Statement

- This policy sets out how the local advisory board (LAB) of Castlewood School is carrying
 out its statutory responsibility to safeguard and promote the welfare of children in
 accordance with Section 175 of the Education Act 2002 or Section 157 in relation to
 independent education provisions, academies and post-16 providers.
- The safeguarding policy applies to all staff (teaching and non-teaching), LAB members, volunteers, temporary and supply staff working in the education provision.
- This policy will be reviewed annually by the local advisory board and is in line with the requirements of Working Together to Safeguard Children (DfE, July 2018), Keeping Children Safe In Education (DfE, September 2020), Inspecting safeguarding in early years, educations and skills settings Ofsted document (September 2020).
- This policy is made available to parents via the school website at https://castlewoodschool.co.uk

Safeguarding Policy ratified by the local advisory board of Castlewood School on 19/01/2021.

CASTLEWOOD SCHOOL SAFEGUARDING POLICY

We recognise our moral and statutory responsibility to safeguard and promote the welfare of all children. The policy applies to all children between the ages of 0-18 whose care and education comes within the remit of this education provision. (For some special education provisions this age range goes beyond 18). All children regardless of age, gender, race, ability, sexuality, religion, culture or language have a right to be protected from harm.

Policy Statement:

Safeguarding children is everyone's responsibility. Everyone who comes into contact with children and families has a role to play. Children have a right to feel safe and secure and cannot learn effectively unless they do so.

The welfare of our pupils is our paramount concern. Our school is a community and we all (staff, LAB members, parents, families and pupils) have an essential role to play in making it safe and secure. This includes maintaining an attitude of "it could happen here" where safeguarding is concerned.

We make every effort to provide a safe and welcoming environment, underpinned by a culture of openness where both children and adults feel secure, able to talk and believe they are being listened to.

Aims:

To identify key roles and responsibilities for all staff in relation to safeguarding, and emphasise the need for good levels of communication between all members of staff. (including child protection lead, behaviour lead, attendance lead and special educational needs co-ordinator)

To provide staff with the framework to promote and safeguard the wellbeing of children and in doing so ensure they meet their statutory responsibilities and clear expectations on how this should be adhered to. This demonstrates our commitment to safeguarding; ensuring consistency in practice across the school and links with other relevant policies to safeguard the general welfare of children; (including managing allegations and safer recruitment). This includes appropriate work around safeguarding in the curriculum.

To raise awareness of how we expect all staff and volunteers to respond in the event of a concern about a child or young person, including their responsibilities in identifying and reporting possible cases of abuse, in order to safeguard children and young people.

To ensure that parents have an understanding of the responsibility placed on staff for child protection by setting out its obligations in the education provision prospectus. This policy is made available to parents on request and is published on the Castlewood School website https://castlewoodschool.co.uk

Leadership and Management of Safeguarding

Local Advisory Board

The local advisory board is responsible for:

- Ensuring there is a nominated safeguarding local advisory board member.
- Liaising with the headteacher and/or designated staff over safeguarding matters. This is a strategic role rather than operational; LAB members will not be involved in concerns about individual pupils.
- Supporting the headteacher and staff (such as the DSL) in their role by ensuring the allocation of funding and resource is sufficient to meet the current safeguarding activity, through a safeguarding action plan.
- Ensuring school leaders report to the LAB at least annually. This should include feedback on self-evaluation activity and the local authority annual review of safeguarding.
- Ensure the education provision fully engages with the local authority in their annual review
 of safeguarding procedures, providing relevant information in a timely manner. The chair
 of the LAB should sign to confirm accuracy of the education provisions arrangements, and
 ensure any concerns are remedied without delay.
- Ensure the LAB receive safeguarding training, and the safeguarding LAB member attends
 appropriate training in order to guide LAB members on their strategic responsibilities in
 order to provide appropriate challenge and support for any action to progress areas of
 weakness or development in the education provision's safeguarding arrangements.
- Ensuring the school has effective safeguarding policies and procedures in place, including a child protection policy and a staff code of conduct.
- Ensuring that training is undertaken at the required frequency by all staff and LAB members.
- Ensuring the school has a broad and balanced curriculum that incorporates safeguarding.
- Ensuring the school complies with relevant legislation and local guidance around safeguarding.
- Ensuring that there are clear lines of accountability within the school's leadership for safeguarding.
- There is a nominated LAB member (ideally the Chair), who will act as case manager for dealing with allegations of abuse against the headteacher. In the event of allegations of abuse being made against the headteacher and/or where the headteacher is the sole proprietor of an independent school, allegations should be reported to the local authority designated officer (LADO) within one day (see managing allegations policy).
- Under no circumstances should the establishment's LAB members or trustees be given
 details of individual cases. LAB members or trustees may, however, be provided with a
 report at the end of the academic year, outlining the number of cases dealt with and other
 statistics which do not identify individual children.

A LAB checklist is provided in Appendix 1.

Responsibility and Accountability

The **local advisory board** is collectively responsible for ensuring that safeguarding arrangements are fully embedded within the school's ethos and reflected in the school's day to day practice.

All staff members, LAB members, volunteers and external providers:

- Are subject to Safer Recruitment processes and checks in relation to their role in the education provision.
- Are expected to behave in accordance with the code of conduct and act on any breach of the code of conduct or any concern about a member of staff or volunteer.
- Should know how to recognise, respond and take appropriate and timely action to a safeguarding concern.

The *Teacher Standards 2012* state that teachers, including headteachers, should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties.

All staff:

- Have a responsibility to provide a safe environment in which children can learn.
- All staff have a responsibility to identify children who may be in need of extra help or who are suffering, or are likely to suffer, significant harm.
- All staff then have a responsibility to take appropriate action, working with other services as needed.

Staff Induction, Training and Development

All staff, including new members of staff and volunteers are given appropriate safeguarding training and induction that includes basic child protection training and health and safety training, familiarisation with the suite of safeguarding policies including the child protection policy, staff code of conduct, chapter one of keeping Children Safe In Education (DfE September 2020). This training and induction is proportionate to their role and responsibilities. A sample training record is provided in Appendix 3.

Suite of Safeguarding Policies and Procedures

A) Equality and Diversity

Our equality and diversity policy emphasises our inclusive approach and sets clear expectations around equality and diversity.

We are committed to promoting equality of opportunity for every pupil and equality of access to learning through a curriculum that is free from discrimination, prejudice, harm, stereotyping, harassment, victimisation, and any other form of discrimination, whilst raising awareness of these. This is reflected in:

- The organisation of learning
- Our curriculum
- Our approach to teaching and learning
- How we treat each other, including how we manage behaviour

01/12/2020 Version Number:1

T Scott Review Date: November 2021

This commitment is in accordance with the Equality Act 2010 which offers legal protection based on a number of characteristics. These protected characteristics are:

- Age
- Disability
- Gender reassignment
- Marriage and civil partnership
- Pregnancy and maternity
- Race
- Religion and belief
- Sex
- Sexual orientation

Any form of behaviour that discriminates against individuals or groups of people based on these protected characteristics will not be tolerated. We recognise that other people experience discrimination or disadvantage because of other characteristics and factors (including political beliefs, trade union status, criminal record, employment status, social class, home address, culture, language, HIV status, or responsibility for dependents) and will work to minimise discrimination on these basis.

Equality and diversity policy:

This Policy is available on request from the School Business Manager.

B) Safeguarding in the School Curriculum

As a school we will ensure that pupils are taught about safeguarding, including how to stay safe online, as part of providing a broad and balanced curriculum; for example through history, English, drama, and RE; and in particular the personal, social and health and economic education (PSHE), including statutory relationships education in primary schools, relationships and sex education in all secondary schools, as well as health education in all state-funded schools. Building confidence and resilience in pupils, ensuring that they know when and how to seek help, and promoting fundamental British Values are integral to this. Opportunities are provided for pupils to develop the knowledge, skills and strategies they need to; recognise abuse and when they or others are at risk of harm. This includes broader work around safety including life skills such as hygiene routines and practices, road safety and independent travel. Clear advice and guidance is built into the curriculum to ensure that pupils understand that there are a range of contacts they can turn to for advice and support and that they know where and how to report abuse.

i) Relationships and Sex Education

Our Relationships and Sex Education policy outlines our approach to teaching relationships and sex education across the school including how we meet our statutory responsibilities in this area. It is underpinned by our values and complements and is supported by a range of other policies including: policies on behaviour, inclusion, respect for equality and diversity, bullying and safeguarding.

This Policy is available on request from the School Business Manager.

01/12/2020 Version Number:1

T Scott Review Date: November 2021

ii) Drug and Alcohol Education/Managing Substance Related Incidents

Our Drug and Alcohol Education/Managing Substance Related Incidents policy outlines the school's approach to teaching about drugs and alcohol across the school and meeting the statutory responsibilities in this area. It includes our approach to managing substance related incidents.

This Policy is available on request from the School Business Manager.

iii) Online and digital safety

Our online safety policies and procedures are framed within *Keeping children safe in education* (appendix C) available at https://www.gov.uk/government/publications/keeping-children-safe-in-education--2.

We have a whole school approach to online and digital safety which empowers us to protect our community and educate using technology safely. We have mechanisms to identify, intervene in, and escalate any online or digital safety incident where appropriate.

Online and digital safety in the curriculum

Online and digital safety is a focus in all areas of the curriculum and our staff reinforce safety messages throughout the curriculum. Our **online safety curriculum** is broad, relevant and provides progression, with opportunities for creative activities.

Working with parents and carers

We work with parents and carers to raise awareness of online and digital safety, including them as much as possible in this process so that parents and carers can help ensure their children are also safe at home.

Online safety policy

We have an overarching **online safety policy**, that applies to all members of our community (staff, pupils and visitors) – *anyone* who has access to any of our digital technology systems, both inside and outside the school. *Visitors* also includes parents and carers, LAB members and community users.

This Policy is available on request from the School Business Manager.

Acceptable use policies

We have **acceptable use policies** for pupils, staff and visitors. Each of these includes the sanctions that will be applied should a user fail to follow their AUP.

01/12/2020 Version Number:1

T Scott Review Date: November 2021

Filtration and monitoring

We do all that we reasonably can to limit users' exposure to online risks when using our IT systems and we ensure we have appropriate filtration and monitoring systems in place. We take into account the age range of our pupils, the number of pupils, how often they access the IT system and the proportionality of costs balanced against risks. We include risk assessments as required by the Prevent Duty. We have procedures that support filtering and monitoring and also to help us deal with incidents where there has been potential misuse or inappropriate/illegal activities.

Use of social media

We have a **social media policy** for our **staff** which makes clear what standards are expected of anyone who works for us and uses social media. It also explains what actions will be taken when it is considered a member of staff may have breached this policy. The policy covers social media use: on behalf of school; as part of working with [students/pupils]; in their wider professional work; and in their personal life.

We have a **code of conduct** and a **social media policy** for our **LAB members** which makes clear what standards are expected of LAB members and their use of social media. It also explains the consequences of inappropriate behaviours.

Mobile technologies – using connected and recording devices

These include (as examples) mobile phones, smartphones, tablets, cameras (still and video), audio recording devices, wearable technology and IOT devices.

All mobile technology used on our premises or by our staff and pupils on school activities elsewhere is covered by our **mobile technology policy**.

Media recordings – audio, image and video (including digital files)

Appropriate media recordings are taken (including [pupils/students]) to capture curriculum activities, wider activities or as celebrations of [school/academy/provision] life. We have separate guidelines that must be followed when making media recordings on our premises or as part of our activities elsewhere. However, for clarity:

- Written permission from parents or carers must be obtained before media recordings of pupils are published on the school website/social media or in the press.
- Staff and volunteers are allowed to take media recordings to support educational aims, but must follow school policies concerning the sharing, distribution and publication of the media or files. Those media recordings should only be taken on school equipment unless there is prior agreement with the headteacher.
- All school media recordings will only be stored, edited or archived onto school systems and equipment unless there is prior agreement with the headteacher.
- Pupils must not take, use, share, publish or distribute media recordings of others without their permission.

Information and data security

We take information and data security seriously. We have a separate **data protection policy**, setting out how we comply with data protection legislation.

Our Trust wide Data Protection Policy is available at: https://castlewoodschool.co.uk

C) Health and Safety Safeguarding

i) Coronavirus (COVID-19) Risks

Public health advise to minimise coronavirus (COVID-19) risks. Schools must comply with health and safety law in order to minimise coronavirus (COVID-19) risks, which requires them to assess risks and put in place proportionate control measures. Schools should thoroughly review their health and safety risk assessments and draw up plans for the autumn term that address the risks identified using the system of controls set out below. These are an adapted form of the system of protective measures that will be familiar from the summer term. Essential measures include:

- a requirement that people who are ill stay at home
- robust hand and respiratory hygiene
- enhanced cleaning arrangements
- active engagement with NHS Test and Trace
- formal consideration of how to reduce contacts and maximise distancing between those in school wherever possible and minimise potential for contamination so far as is reasonably practicable

Further information is available at

https://www.gov.uk/government/publications/actions-for-schools-during-the-coronavirus-outbreak/quidance-for-full-opening-schools

ii) Site and Premises Security and Site Safety including fire risk assessment, fire drills, and first aid

Under the Health and Safety at Work etc. Act 1974, the school employer has overall responsibility for health and safety and must take reasonable steps to ensure that staff and pupils are not exposed to risks to their health and safety. This applies to activities on or off the school premises. The LA is the employer in community and voluntary controlled schools, community special schools, maintained nursery schools and pupil referral units. The LAB is the employer in voluntary aided and foundation schools and the academy trust is the employer in academy schools. The proprietor, board of trustees or equivalent is the employer in independent private or fee-paying schools.

For further information on health and safety, please refer to the guidance on the Solihull Schools Extranet. The Health and Safety Executive also have detailed advice and guidance relating to Education and Schools on their website at www.hse.gov.uk

T Scott Review Date: November 2021

iii) Emergency Advice and Support for Educational Establishments (EASEE)

Incidents and emergencies can occur at any time. Our education settings and young people are not immune from such incidents and often the impact of an incident can have far reaching effects in the wider community. For this reason we have utilised the 'Emergency Advice and Support for Educational Establishments' (EASEE) guidance and produced: school Emergency and Business Continuity Plan templates and used EASEE guidance material to plan for a range of critical incidents.

(EASEE guidance is available from the CSW Resilience Team Sub-Regional website. Please follow this link:

http://cswprepared.org.uk/

This includes emergency school lockdown procedure guidance and bomb and suspicious package information.

iv) Barring of individuals from school premises

On extremely rare occasions, school leaders do need to seek to bar a person from the school site. The DfE (2018 advice: Controlling access to school premises) should be followed. https://www.gov.uk/government/publications/controlling-access-to-school-premises

Legal advice should always be sought. A model letter is provided in Appendix 4

v) Driving at Work

Our driving at work policy provides staff with clear guidance on driving at work. This Policy is available on request from the School Business Manager.

vi) Educational Visits

Our educational visits policy provides staff with guidance on planning educational visits and undertaking risk assessments.

During Covid 19 please follow DFE guidance on educational visits.

This Policy is available on request from the School Business Manager.

D) Child Protection Safeguarding

i) Legal Clarification

Where the education provider requires legal advice, for example, in a private family law case a school may be asked to provide information or report in the context of court proceedings. In this case advice should be sought from legal services. The Solihull MBC duty legal team can be contacted by email on legalsocialcare@solihull.gov.uk. If there request for legal advice is pressing or urgent, please contact the duty solicitor on 0121 704 6002/6003. There may be a charge for this service.

01/12/2020 Version Number:1

T Scott Review Date: November 2021

ii) Child Protection

Our separate child protection policy sets out the education provision's approach to dealing with any child protection concerns. It includes specific safeguarding issues including sexual violence and sexual harassment, contextual safeguarding, children missing from education (which includes attendance), child sexual exploitation, honour-based violence (including female genital mutilation and forced marriage), preventing radicalisation, domestic abuse, substance misuse (drugs and alcohol), radicalisation and extremism, gangs, serious violence including youth violence (including knife crime) and peer on peer abuse.

iii) Staff Code of Conduct (also known as staff behaviour)

All staff are familiar with the code of conduct. This is issued at induction and revisited periodically. Any breach of the code of conduct should be brought to the attention of the headteacher where:

- A staff member self-reports that they have breached the code of conduct.
- A staff member is concerned by the behaviour of another member of staff who has appeared to have breached the code of conduct.
- A member of the management team has identified behaviour or conduct which may be in breach of the code of conduct
- It has come to the attention of a member of staff via another source that a staff member has breached the code of conduct.

iv) Behaviour and Anti-Bullying

All staff are familiar with our behaviour and anti-bullying policy. This is issued at induction and revisited periodically. Our behaviour and anti-bullying policies provide clear guidance to staff, pupils and parents on rewarding positive behaviour and the use of sanctions for inappropriate behaviour.

v) Attendance

We ensure all pupils attend school regularly and act swiftly to address any non-attendance and persistent absence in line with our attendance policy which can be found at xxx website

vi) Procedures for uncollected children

In the event of a child not being collected at the end of the school day, every effort should be made by the school to contact the parents and emergency contacts. In the event that contact with parents and emergency contacts cannot be established and the child remains uncollected, the Solihull multi-agency safeguarding hub (MASH) should be contacted.

If non-collection or late collection is a regular occurrence, early help should be offered by the school in the first instance through a formal meeting with parents. If the situation does not improve a referral to Solihull multi-agency safeguarding hub (MASH) might be considered if a wider picture of neglect is emerging. The child protection policy should be followed in such an event.

01/12/2020 Version Number:1

T Scott Review Date: November 2021

vii) Looked After Children and Previously Looked After Children

The most common reason for children becoming looked after by the local authority is as a result of abuse and/or neglect. We ensure that staff have the skills, knowledge and understanding necessary to keep looked after children safe. We ensure that:

- Appropriate staff have the information they need in relation to a child's looked after legal status (this includes whether they are looked after under voluntary arrangements with consent of parents or on an interim or full care order) and contact arrangements with birth parents or those with parental responsibility.
- Appropriate staff have information about the child's care arrangements and the levels of authority delegated to the carer by the authority looking after him/her.
- The designated safeguarding lead has the details of the child's social worker and the name of the virtual school head in the authority that looks after the child.

The designated teacher for looked after children is responsible for ensuring a personal education plan (PEP) is in place for each looked after child in the school and liaising with the home local authority virtual school for looked after children to ensure the highest expectations around educational attainment. This includes ensuring that the pupil premium plus for looked after children is appropriately allocated to meeting the aspirational objectives in the PEP. The designated teacher works in partnership with the designated safeguarding lead and the social work team of the home local authority around any safeguarding concerns and placement stability issues. The designated teacher receives appropriate training to undertake the role effectively.

The roles and responsibilities of the designated teacher link

"A previously looked after child potentially remains vulnerable and all staff should have the skills, knowledge and understanding to keep previously looked after children safe. When dealing with looked after children and previously looked after children, it is important that all agencies work together and prompt action is taken when necessary to safeguard these children, who are a particularly vulnerable group." (KSCIE 20, DfE paragraph 119).

The virtual school for looked after children can be contacted on 0121 704 8622, email: pereducplan@solihull.gov.uk, and website: https://www.solgrid.org.uk/education/support-services/solihull-virtual-school/.

viii) Safer Recruitment and Safer Working Practice

Education providers have a responsibility to ensure staff are safely recruited and appropriately vetted in line with their roles and responsibilities. The safer recruitment policy outlines our approach.

We maintain a single central record which is reviewed by the safeguarding LAB member regularly. The single central record includes:

- Identity check
- Right to work in the UK check
- Disclosure and barring service check
- Barred list check
- Prohibition form teaching check
- Section 128 Check Prohibition from management check (for independent schools and academies:)

01/12/2020 Version Number:1

T Scott Review Date: November 2021

- European Community Area Check (ECAC Check)
- Overseas check
- Disqualification from childcare check request (where required)
- Uptake of two references

We ensure visitors to the site are appropriately checked in relation to the purpose of their visit. This includes:

 The level of supervision required while on site. The level of vetting in relation to the purpose of the visit. We also have a responsibility to ensure safe working practice in our provision.

viii) Alternative Provision

"Where a school places a pupil with an alternative provision provider, the school continues to be responsible for the safeguarding of that pupil. Schools should obtain written confirmation from the alternative provision provider that appropriate safeguarding checks have been carried out on individuals working at the establishment i.e. those checks that the school would otherwise perform in respect of its own staff." (KCSIE 20, DfE)

Where we contract with an alternative provider to provide part of or all of a pupil's education, we ensure:

- That the provision has been subject to a robust Quality Assurance process and has been
 deemed to be both generally suitable for Solihull pupils and suitable for the needs of a
 specific pupils The Quality assurance process checks that all appropriate health and safety
 and safeguarding arrangements are in place;
- Appropriate vetting procedures for staff, volunteers and visitors are in place and leaders at the provision have provided up-to-date, detailed, written confirmation of this;
- The provision is registered where the threshold for required registration with the DfE has been met (providers must be registered if five or more full time pupils are on roll, or one such pupil with and Education, Health and Care Plan or who is looked after);
- That pupils are visited frequently in their provision and listened to so that we can be sure that they are safe and well cared for;
- Clarity on the contractual arrangements;
- That pupils attend the provision regularly and that there are clear arrangements in place for swiftly reporting non-attendance;
- Clear plans are in place around behaviour, recording and reporting inappropriate or declining behaviour;
- That systems are in place to report on pupils' learning and achievements.

Alternative provision are available on 0121 704 6959

email: alternativeprovision@solihull.gov.uk

website: https://www.solgrid.org.uk/education/alternative-provision/

ix) Other Providers Operating on Education Provision Site (Lettings and Contracted Arrangements)

Where other providers operate on the school site, through lettings or contracted arrangements, the school should ensure that robust safeguarding procedures are in place. A separate lettings agreement checklist is provided in Appendix 2.

ixx) Managing Allegations

All staff are familiar with the provisions and procedures for managing allegations against staff, contractors/agency staff and volunteers (including LAB members/trustees), and the provision follows the local authority managing allegations policy.

- An allegation about a member of staff, contractor/agency worker or a volunteer should be brought to the immediate attention of the headteacher.
- An allegation about the headteacher should be brought to the immediate attention of the chair of the local advisory board.
- Allegations can be brought directly to the attention of the local authority designated duty officer.

All concerns should be recorded and a chronology of concerns kept by the case manager (headteacher or chair of LAB), an example chronology is provided in <u>Appendix 5</u>. We ensure parents are clear about how to raise a concern about a member of staff, volunteer or a pupil (e.g. details on school website, letters to parents, parent induction meetings).

The headteacher (allegation against a member of staff, contractor/agency worker or volunteer) or chair of LAB (allegation against the headteacher) should ensure a timely response, and as case manager, maintain oversight of allegations, including oversight of LADO referrals and ensure a timely response to any allegations raised. A template to support this is provided in <u>Appendix 6.</u>

E) Inclusion and Safeguarding Practice

i) Pupils with Special Educational Needs and Disabilities

Pupils with special educational needs and disabilities can face additional safeguarding challenges. The child protection policy reflects the fact that additional barriers can exist when recognising abuse and neglect in this group of children. These can include:

- Assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration
- Being more prone to peer group isolation than other children
- The potential for children with SEN and disabilities being proportionally impacted by behaviours such as bullying, without outwardly showing any signs; and
- Communication barriers and difficulties in overcoming these barriers

To address these additional challenges schools and colleges should consider extra pastoral support for pupils with SEN and disabilities.

The whole staff work closely with the designated safeguarding lead and medicines in schools lead to ensure vulnerable pupils are safeguarded.

ii) The Use of Reasonable force

There are occasions where physical contact, other than reasonable force, is instrumental and an important part of professional practice (i.e. a child who is hurt, who needs instruction in the use of a particular instrument / piece of equipment, safety issues such as the need to prevent a child hurting themselves, running into the road etc.). Any intervention involving any degree of force will fall into two broad categories:

- Planned interventions
- Unplanned/ emergency interventions

It is the expectation that as far as possible schools, settings and services will be restraint free. Any use of force carries risk to the young person and members of staff involved and must be an act of last resort.

The DfE believes that the adoption of a 'no contact' policy at a school or college can leave staff unable to fully support and protect their pupils and students. Headteachers, principals, LABs and proprietors are encouraged therefore to adopt sensible policies, which allow and support their staff to make appropriate physical contact. The decision on whether or not to use reasonable force to control or restrain a child is down to the professional judgement of the staff concerned and should always depend on individual circumstances.

Advice on the use of reasonable force in schools is provided in the document Use of Reasonable Force in Schools (DfE 2015).

https://www.gov.uk/government/publications/use-of-reasonable-force-in-schools

When using reasonable force in response presented by incidents involving children with SEN or disabilities or with medical conditions, schools and colleges should in considering the risks carefully recognize the additional vulnerability of these groups. They should also consider their duties under the Equality Act 2010 in relation to making reasonable adjustments, non-discrimination and their Public Sector Equality Duty. Pre-arranged methods and strategies to deal with situations should be planned in advance where a risk assessment has identified the likelihood of the need for physical intervention. For the majority of situations, an early intervention will be more effective and easier to implement at a lower level, with less risk, than a later intervention. By planning positive and proactive behaviour support, for instance through drawing up individual behaviour plans for more vulnerable children, and agreeing them with parents and carers, schools and colleges can reduce the occurrence of challenging behaviour and the need to use reasonable force." (KCSIE 2020, DfE, paragraphs 127-130).

Castlewood School has adopted Team Teach to intervene in situations where physical intervention is appropriate. Team Teach is a programme that supports positive behaviour strategies that include physical intervention. The Local Authority supports the Team Teach programme in schools.

More detailed advice on the use of restraint and physical intervention can be found in the most recent DfE (2018) guidance here:

Additional local guidance includes:

- Guidance on the Use of Restrictive Physical Interventions for Staff Working with Children and Adults who display Extreme Behaviour in Association with Learning Disability and/or Autistic Spectrum
 - Disorders (Circ. LEA/0242/2002)
 - Guidance on the use of restrictive physical interventions
- The circular entitled Guidance on the Use of Restrictive Physical Interventions for Staff Working with Children and Adults who display Extreme Behaviour in Association with Learning Disability and /or Autism Spectrum Disorders applies to all special education provision settings.
- Section 246 of the Apprenticeship, Skills, Children and Learning Act 2009 requires the LAB to ensure that a procedure is in place for recording each significant incident in which a member of staff uses force on a pupil; and reporting each such incident to each parent of the pupil as soon as practicable after the incident. The member of staff must not report the incident to a parent if it appears to that member of staff that doing so would be likely to result in significant harm to the pupil. If that is the case, or if there is no parent of the pupil to whom the incident could be reported, then the incident must be reported to the local authority where the pupil normally lives.

There is separate guidance on the use of force by staff in Further Education colleges www.aoc.co.uk and applies to education provision pupils who receive some of their education in an FE college.

iii) Medicines in School/Supporting Pupils with Medical Conditions

This school is an inclusive community that welcomes and supports pupils with medical conditions. We provide all pupils with any medical condition the same opportunities as others at school. All staff understand the medical conditions that affect pupils at this school. Staff receive training on the impact medical conditions can have on pupils. Further information can be found in our medicines in school policy which has been developed in line with local authority guidance found here: https://www.solgrid.org.uk/education/education-improvement/health-and-wellbeing/medicines/.

This Policy is available on request from the School Business Manager.

It is important that the lead for medicines in schools works closely with the designated safeguarding lead and the special education needs co-ordinator to ensure appropriate information is shared to safeguard pupils.

iv) Intimate Care

The local advisory board recognises its duties and responsibilities in relation to the Equality Act 2010 which requires that any pupil with an impairment that affects his/her ability to carry out day-to-day activities must not be discriminated against.

The Intimate Care policy is available on request from the School Business Manager.

F) Complaints

Procedures for dealing with complaints are clearly set out in the school's complaints policy and are available to parents via the school website.

G) Whistleblowing

Whistle-blowing is the mechanism by which adults can voice their concerns, made in good faith, without fear of repercussion. 'Whistleblowing' is the term ordinarily used to describe the disclosure of information by an employee about malpractice that is occurring within the organisation. This will include any illegal, immoral, irregular, dangerous or unethical activity under their employer's control. This can cover a broad range of matters, including mismanagement, bribery, fraud and health and safety failures.

The Public Interest Disclosure Act 1998 amended the Employment Rights Act 1996 to protect workers from being dismissed or subjected to a detriment because they have made a 'protected disclosure'.

Protected disclosure is information that, in the reasonable belief of the worker, tends to show that one of the following has occurred, or is occurring, or is likely to occur:

- A criminal offence
- Breach of any legal obligation
- Miscarriage of justice
- Danger to the health and safety of any individual
- Damage to the environment
- Deliberate concealing of information about any of the above

All staff and volunteers are able to raise concerns about poor or unsafe practice and potential failures in the provision's safeguarding regime through the whistleblowing policy.

Where a staff member feels unable to raise an issue with their employer or feels that their genuine concerns are not being addressed, other whistleblowing channels are identified in the whistleblowing policy. The NSPCC Whistleblowing Helpline has been developed to provide support to employees wishing to raise concerns over how child protection issues are being handled in their own or other organisations. The NSPCC Whistleblowing Advice Line can be reached on 0800 028 0285. (The Home Office and Department for Education commissioned the NSPCC to manage the advice line after a firm commitment to do so was made by the Government in its Tackling CSE report in March 2015. The advice line is not intended to replace any current practices or responsibilities of organisations working with children. The helpline advisors would encourage professionals to raise any concerns about a child to their own employer in the first instance. However, the advice line offers an alternative route if whistleblowing internally is difficult or professionals have concerns around how matters are being handled.) Further advice about whistleblowing available is www.gov.uk/whistleblowing.

H) Supporting Staff Working in Difficult Situations

We recognise that staff working in the school who have become involved with a safeguarding issue which they may find stressful and upsetting. By ensuring clear management oversight of work by senior leaders, we will ensure staff appropriate support in relation to their work.

We will further support staff as necessary, by providing an opportunity to talk through their anxieties with their line manager or other appropriate member of staff, and to seek further support as appropriate. This could include:

Evaluating and Monitoring Process

Our Safeguarding Policy will be monitored and evaluated by:

- Line management and task management of staff.
- Audits of safeguarding records.
- Discussions with staff involved in safeguarding work.
- Pupil surveys, questionnaires and evidence of the pupil voice in safeguarding work.
- Scrutiny of data sets.
- Scrutiny of range of risk assessments and information (including attendance, bullying logs, behaviour records, health and safety risk assessments, fire risk assessment, educational visit risk assessment, safer recruitment information, to ensure a coordinated approach).
- Review of parental concerns and parent questionnaires.

Success Criteria:

- Staff, when questioned feel confident that they know what to do, or who to contact, when they have safeguarding concerns.
- 2. Scrutiny of safeguarding records confirms that safeguarding procedures set out in this policy are being consistently followed.
- 3. Staff, when questioned believe that safeguarding procedures set out in the policy are being consistently followed throughout the education provision.
- 4. Content of the policy remains up to date with reference to relevant legislation and local guidance.
- 5. Safeguarding action plan (Appendix 7) implementation, monitoring, evaluation and impact.
- 6. School self-evaluation activity including local authority safeguarding compliance procedures.

APPENDIX 4: Barring an individual from a school site (model letter)

Dear

Following discussions with the head teacher, xxxx, at xxxx, I am writing to inform you that from (insert date) until (insert date) (in the first instance), you are not allowed to enter the school premises and site.

This is in accordance with Section 547 of the Education Act 1996 because

The Local Education Authority and School have a duty to ensure the health and safety of staff and pupils, and this will be achieved if you do not enter the school site.

For the duration of this decision you may bring your child/children to school and collect at the end of the school day, but you must not go beyond the school gate. Arrangements have been made for your child/children to be collected, and returned to you, at the school gate by a member of staff.

The School and Local Authority will review this decision at the end of The withdrawal of permission for you to enter the school premises takes effect straightaway. However, I still need to decide whether it is appropriate to confirm this decision. Before we do so, I wish to give you an opportunity to give me in writing any comments of your own in relation to this incident. These comments may include any expressions of regret on your part and any assurances you are prepared to give about your future good conduct.

Yours faithfully
